The objects of the Association are as follows:

First: To improve the directory business by the interchange of ideas, and by the exchange of competent employees.

Second: To protect the public against fraudulent advertising schemes operated under the name of directories and to drive the promoters of such out of business.

Third: To provide permanent and continuous employment for honest and faithful directory canvassers.

Fourth: For the mutual advancement of the established and prospective interests of all who may become members of the Association.

CLASSIFIED BUSINESS DIRECTORY OF TROY

COPYRIGHT, 1917, SAMPSON & MURDOCK CO.

The classification of Business Headings in the Troy Directory is made in accordance with a Standard List adopted by the Association of American Directory Publishers, September, 1904, to secure uniformity in all the principal directories of the country, and to largely promote the convenience of those making use of this important section of directories.

All headings indicated by * are Special Headings.

LIST AND LETTER SERVICE

Manufacturers', Trade, Wholesale and Retail, Social and Special Lists of all Kinds Compiled from the Very Latest Sources

—

Bright, Attractive Form Letters, Prepared, Multigraphed and Mailed

—

Mail Order Campaigns Conducted

Our Directory Library receives directories from all over the country as soon as issued and our publications may be found in the libraries of all other legitimate directory publishers in the U. S. and Canada.

We Compile Lists of all kinds from the very latest directories published. Every list is made new and the "dead wood" reduced to a minimum.

We prepare and mail, business getting letters in any quantity. For quotations on this work, prices on advertising or directories write to the nearest office.

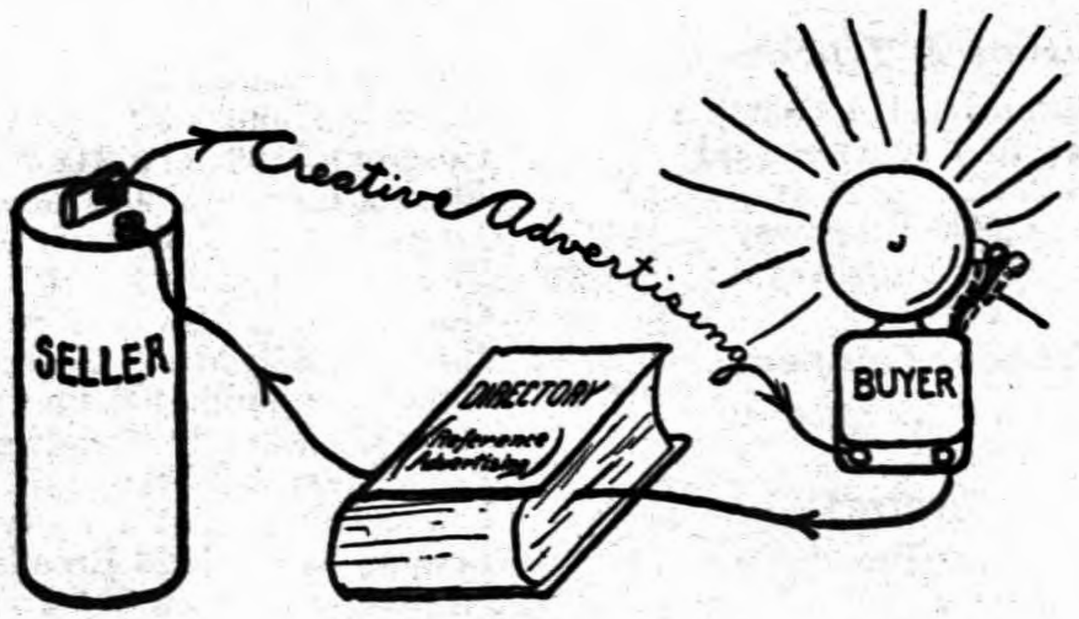
The Return Circuit in Advertising



The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made

Creative Advertising;—in newspapers, magazines, billboards, etc. tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for buyers' to find ***You?***

Cohoes

Chamber of Commerce

ORGANIZED 1910

Originally, the chief function of a Chamber of Commerce was that of supervising the weighing of grain and making regulations in respect to trade; later, in many towns, especially away from the great shipping centers, a very prominent activity of some Chambers was the effort to secure industries for the community, "factory grabbing", the robbing of one town of its manufacturing interest to transport it bodily to another, with no particular consideration whether one location was more suited to that factory's production than another. Experience has shown conclusively that that way of encouraging manufacturing was an unwise economic policy. Unless there is some economic advantage true in one locality it is undesirable to try to develop an industry, pulled up in one place and transplanted in another by force of one kind or another. Sooner or later the inexorable economic law will decree the slow death or extinction of the plant. The wiser way is to study the advantages of the community and then foster and develop the lines of business that logically belong in that region. Any other course results in serious economic and financial loss.

The present phase of Chamber of Commerce work is that of leadership in all lines of human activity that count in the attainment of what is highest and best for right living men and women and children in every way. Business, Education, Sanitation, Charity, Amusements, Recreation, in fact, advancement along Business, Civic, Artistic, Physical and Moral lines is what appeals to the Modern Chamber of Commerce. Justice between man and man and seeking the good of the other fellow—service to the community— is more and more the Ideal of Civic Organization work.

For information concerning very moderate electric power rates, excellent sites for manufacturing plants, good homes and lots for houses, most favorable freight rates and facilities both by rail and water, very best city water supply, good schools, advantages of city, private and State libraries and proximity to the State Capitol

SUCCESSORS TO

Cohoes Gas Lighting Co. and Cohoes Co.

Office, North Mohawk Street

This Company owns the entire water power of the Mohawk River, embracing the celebrated Cohoes Falls, near which they have recently erected a hydro-electric generating station of 30,000 H. P. capacity, to supply power consumers in the surrounding territory.

It also operates a gas plant, supplying gas to the City of Cohoes, for which the city is well piped.

Electric lines for power and light cover the city. Consumers' rates are low and favorable contracts are made for power. The Company is progressive and offers favorable inducements to parties desiring to locate.

YOUR NEWSPAPER

¶It should be, first of all a Newspaper in every sense of the word. An organ that gives all the news in time.

¶It should be a family paper, fit for the oldest or the youngest.

¶It should be sane, conservative, loyal, truthful, and intensely local.

The Cohoes Republican

has all of these attributes and then some more.

Since the paper changed hands on December 1, 1915, the Cohoes Evening Dispatch has gained the confidence of the entire community. The amount of advertising it carries has more than doubled, and its circulation has increased by leaps and bounds. The Dispatch is popular because it prints all the local news in attractive, readable form; it has no party affiliations and for this reason it treats all public questions with absolute impartiality. Accuracy is its cardinal aim.

When you see our name on a Directory you may be sure of these four things

1st.—Every effort has been made to secure accurate information.
(We employ men of experience and ability and insist on accuracy)

2nd—The price of the book is as low as the cost of production and a reasonable profit will allow.
(Compare prices with those of other directories from all over the country)

3rd—The Advertising Department is a fair representation of the best business houses of the city.
(A glance over the advertising section will prove this statement)

4th—The Advertiser gets more for his money than from nearly any other publication.
(Our representative will gladly show you why)

What was that address?

Addresses are frequently misunderstood, causing considerable inconvenience. Inconvenience to customers costs dollars and cents. The verification of addresses before sending goods is so easy with the directory, that its neglect is a needless risk.

There is little that is confined within the limits of your city, that has a name and location, that cannot be found in your directory.

It is the contents of your city between the covers of a book.
Can you intelligently be without it?
Consult the contents page—its a revelation.

WARD BOUNDARIES

The City is divided into six wards, bounded and described as follows:

First Ward—All that part of the city included within the following lines, to wit: Commencing at a point in the Mohawk river, where the centre line of Vliet street extended intersects the boundary line of the city; thence westerly along said line and the centre line of Vliet street to its intersection with the Erie canal; thence southerly along the centre of said canal to the centre line of Newcomb street extended westerly to the centre of the lands of the N. Y. C. R. R.; thence westerly along said line to the centre of said railroad company's lands; thence northerly and westerly along the centre line of said railroad company's lands to its intersection to the northerly bounday line of said city; thence northerly and easterly along the boundary line of said city to the place of beginning, shall comprise the first ward.

Second Ward—All that portion of the city comprised within the following lines, to wit: Commencing at a point in the Mohawk river, where the line of Vliet street extended intersects the boundary line of the city; thence easterly and southerly along said boundary line and the centre of the south branch of said river as it flows easterly of Simmons' island, to a point directly east of the south end of said island; thence in a direct line to the point of intersection of the centre of Pine street with the centre of the Champlain canal; thence along the southerly boundary line of the second ward of the village (now city) of Cohoes to its intersection with the Erie canal; thence northerly along the centre of said canal to the centre of Vliet street; thence easterly along Vliet street and the line of Vliet street, extending to the place of beginning, shall comprise the second ward.

Third Ward—All that part of the city comprised within the following lines, to wit: Commencing at a point in the centre of the south branch of the Mohawk river, directly east of the south end of Simmons' island; thence southerly along the centre of said south branch to a point where the centre line of Cedar street, extended easterly, intersects the same; thence westerly along the said line, and the centre line of Cedar street to the centre of Saratoga street; thence in a direct line to the centre line of Columbia street, where it intersects the centre line of Mohawk street; thence westerly along the centre line of Columbia street to the centre line of the Erie canal; thence northerly along the centre line of said Erie canal to its intersection with the centre line of Newcomb street, extending in a direct line to the centre line of the New York Central railroad; thence easterly along said line of Newcomb street, and the southerly boundary line of the second ward of said city, as hereinbefore defined, to the place of beginning, shall comprise the third ward.

Fourth Ward—All that part of the city comprised within the following lines, to wit: Commencing at a point in the westerly bounds of the city where the centre line of Columbia street produced westerly would intersect the same, and running thence easterly along the centre line of Columbia street to the centre line of Mohawk street; thence southerly and easterly along the centre line of Mohawk street to its intersection with the centre line of Saratoga street; thence along the centre line of Saratoga street to its intersection with the centre line of Cedar street; thence easterly along the centre line of Cedar street and the same extended easterly to the intersection thereof with the centre line of the south branch of the Mohawk river; thence along said last mentioned centre line of said south branch of the Mohawk river to its point of intersection with the boundary line of said city near Dyke avenue; thence in a southerly direction along said boundary line to its point of intersection with the southerly boundary line of said city; thence along said last mentioned line to the westerly boundary line of said city; thence along said last mentioned line to the place of beginning, shall comprise the fourth ward.

Fifth Ward—All that part of the city included within the following lines, to wit: Commencing at a point where the centre line of the Erie canal intersects the centre line of Columbia street; running thence northerly along the centre line of the Erie canal to a point where it intersects the centre line of Newcomb street extended in a direct line to the centre of said canal; thence westerly in the direct line of Newcomb street extended to the centre line of the lands of the New York Central Railroad Company; thence northerly along the centre line of said lands to the northerly boundary line of said city; thence westerly and southerly along the northerly and westerly boundary lines of said city to their point of intersection with the centre line of the Boght road (now called Manor avenue); thence southerly along the westerly boundary line of said city to the centre line of Columbia street; thence easterly along the centre line of Columbia street to the place of beginning, shall comprise the fifth ward.

Sixth Ward—All that part of the city comprised within the following lines, to wit: Commencing at a point in the centre line of that portion of the south branch of the Mohawk river flowing between Simmons' island and Van Schaick's island where the same is intersected by the centre line of Ontario street; running thence in a northeasterly direction along the centre portion of said south branch of said Mohawk river to the northern boundary line of said city; thence along said last mentioned line to the easterly boundary line of said city; thence southerly along said last mentioned line to a point in the Hudson river east of the mouth of the middle sprout of the south branch of the Mohawk river; thence westerly along the centre line of said middle sprout to the centre of said south braneh; thence northerly and westerly along the centre of the said south branch to the place of beginning, shall comprise the sixth ward.

The Home of Good Directories

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of seventy years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you. ***Put—"We are listed in the Directory"*** in all your advertising copy. Addresses are often forgotten or mislaid though the name is remembered. The firm that is properly registered in all branches of its industry is wise.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate,—That's the kind we make. Ask us to tell you about this branch of our business.

Ask Sampson & Murdock Co. about the City Directory, the book of many uses.

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising ***suggests*** wants and ***creates*** desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased, and gives information that the buyer wants ***when he wants to buy.***

A Connecting Link

The weakness of display advertising is that often a need is not realised until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying, and where is so logical a place to look as ***in this book.***

A Help to You

In your buying, use the lists in this book. If you see a name in ***heavy type*** it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page——", you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to ***you*** as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you ***now*** how little it costs to be ***protected.***

The Home of Good Directories

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of seventy years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you. ***Put—"We are listed in the Directory"*** in all your advertising copy. bered. The firm that is properly registered in all branches of its industry is wise.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate,—That's the kind we make. Ask us to tell you about this branch of our business.

Ask Sampson & Murdock Co. about the City Directory, the book of many uses.

TROY, N. Y.

Population, 76,813

Area, 9.32 square miles

Population of *"Greater Troy"* (contiguous communities) 135,000. Within a fifteen miles radius and connected by train and trolley service, is a population of half a million from which Troy draws industrial operatives.

Troy is advantageously located from a transportation standpoint, a shipping center of the Delaware & Hudson and New York Central R. R's, and the terminal of the Boston & Maine R. R. Troy is at the head of navigation on the Hudson River and also the terminus of the Erie and Champlain Barge Canals. Troy is a natural distributing center to all directions, the gateway to and from Northeastern New York and Western Vermont and Massachusetts. Six miles of waterfront, under improvement, twelve-foot channel completed, twenty-seven-foot channel assured. Barge canal terminal. Gravity water system from numerous lakes which afford ample supply of pure water.

One hundred acres of parks, five public playgrounds and two public baths.

Troy is the center of beautiful surrounding country, and within easy reach of all the most celebrated spas and mountain resorts. No city anywhere has more natural scenery within its corporate limits. Troy streets are well paved, connecting with improved state highways, in every direction.
